Do this by making a sales web page for the brand new book, but do not embrace a value on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out prices by making a variety of duplicate gross sales pages with totally different prices on each page. Make sure that your gross sales copy is strictly the similar

on each page, and contains your promoting-deal with sentence. Then work out for every web page the conversion ratio between visitors to your web site and gross sales of your book. It will inform you what your optimum value is.

Finally, in case you've written a e book that solves a drawback or presents a new method, your guide will usher in both site visitors and profits.
