One other technique is to test out prices by making a variety of duplicate gross sales pages with totally different costs on each page. Make sure your sales copy is strictly the identical on every

web page, and includes your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and sales of your book. This can inform you what your optimum worth is.

Finally, in case you've written a guide that solves a problem or presents a new method, your e book will herald both visitors and profits.
