An efficient method for figuring out a worth is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the brand new e book, but don't embrace a value on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out costs by making a number of duplicate gross sales pages with completely different prices on each page. Be sure your sales copy is strictly the same on each web page, and contains your promoting-deal with sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum price is.

Finally, in the event you've written a e-book that solves a drawback or presents a brand new technique, your book will herald both visitors and profits.
