An effective method for figuring out a value is to send out a survey to your current customers. If these clients have already purchased an e-book from you, ask for their opinion when it comes to price. Do this by creating a gross sales web page for the new ebook, but do not embrace a value on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with completely different prices on each page. Make sure that your gross sales copy is exactly the identical on each page, and contains your promoting-deal with sentence. Then work out for each web page the conversion ratio between guests to your site and gross sales of your book. This can let you know what your optimum price is.
