If these clients have already purchased an e book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the brand new book, however do not embrace a value on that page. One other technique is to test out prices by creating a number of duplicate gross sales pages with different costs on each page. Be sure your gross sales copy is exactly the same on every page, and

consists of your promoting-handle sentence. Then determine for every page the conversion ratio between guests to your web site and gross sales of your book. It will let you know what your optimum price is.

In the end, in the event you've written a e-book that solves a downside or presents a brand new method, your e book will herald both visitors and profits.
