An effective approach for determining a value is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion by way of price. Do that by creating a sales web page for the new ebook, but don't embody a value on that page. As an alternative, add various links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by creating a number of duplicate sales pages with different prices on each page. Be sure that your sales copy is exactly the similar on every web page, and contains your selling-handle sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. This may inform you what your optimum price is.

Ultimately, when you've written a e-book that solves a drawback or presents a brand new technique, your e-book will bring in both traffic and profits.
