Then be sure you use that sentence in every piece of gross sales and promotional materials, and each time anybody asks you about your ebook.

Apart from selling your books assiduously online, there are a number of other strategies that may show you how to promote extra books.

One is to present something away totally free with your e-book, resembling a worthwhile bonus item. Or bundle a number of ebooks under one worth, which lowers the price for each ebook if they have been sold separately.

An effective method for determining a price is to ship out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion when it comes to price. Do that by creating a gross sales web page for the brand new book, but don't embody a worth on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to test out costs by creating a number of duplicate sales pages with different prices on every page. Be certain your gross sales copy is precisely the similar on each

page, and consists of your promoting-deal with sentence. Then work out for every web page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum worth is.

Ultimately, should you've written a guide that solves a drawback or presents a new approach, your ebook will bring in both site visitors and profits. So you'll want to write that promoting-handle sentence that sums up what problem your ebook solves and what the advantages of your 1234 book might be to the purchasers who purchase it.
