The key that unlocks the gross sales potential of your book is to find a single sentence that turns into your promoting handle. This sentence states what question or downside your ebook solutions and the benefits your e-book can provide. Then you'll want to use that sentence in every piece of gross sales and promotional materials, and each time anyone asks you about your ebook.

In addition to selling your books assiduously online, there are a number of other methods that may show you how to promote more books.

One is to give one thing away without cost with your ebook, reminiscent of a useful bonus item. Or bundle several ebooks below one value, which lowers the value for each e book if they were sold separately.

An effective technique for figuring out a worth is to ship out a survey to your current customers. If these customers have already purchased an book from you, ask for their opinion when it comes to price. Do that by creating a sales web page for the brand new e-book, but do not embrace a worth on that page. As a substitute, add various links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to test out costs by creating a variety of duplicate gross sales pages with completely different costs on each page. Be certain your gross sales copy is strictly the similar on

every page, and contains your promoting-deal with sentence. Then determine for every web page the conversion ratio between visitors to your site and gross sales of your book. This will inform you what your optimum price is.

In the end, should you've written a ebook that solves a drawback or presents a new approach, your ebook will bring in each traffic and profits.
