## Advertising and marketing Methods

of gross sales and promotional material, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are a number of different methods that may make it easier to promote more books.

One is to provide one thing away at no cost along with your guide, similar to a worthwhile bonus item. Or bundle several ebooks below one value, which lowers the worth for every ebook if they had been sold separately.

An efficient approach for figuring out a worth is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for their opinion by way of price. Do this by making a sales web page for the new e-book, but do not embody a worth on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out costs by making a number of duplicate sales pages with completely different costs on each page. Be certain your gross sales copy is precisely the similar on every web page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your web site and sales of your book. It will tell you what your optimum price is.

In the end, if you happen to've written a guide that solves a downside or presents a new approach, your ebook will bring in both site visitors and profits. So make sure to write that promoting-handle sentence that sums up what drawback your book solves and what the advantages of your 1578 ebook will probably be to the purchasers who buy it.
