An effective method for figuring out a price is to ship out a survey to your present customers. If these clients have already purchased an e-book from you, ask for his or her opinion by way of price. Do that by creating a sales page for the new ebook, however don't embody a worth on that page. One other technique is to check out prices by making a variety of duplicate gross sales pages with totally different prices on each page. Make sure your gross sales copy is precisely the identical on every web page, and includes your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum worth is.

Finally, if you've written a e-book that solves a drawback or presents a new approach, your guide will herald each traffic and profits.
