An effective approach for figuring out a value is to ship out a survey to your present customers. If these customers have already bought an book from you, ask for their opinion when it comes to price. Do this by making a sales page for the brand new ebook, but don't embody a price on that page. One other strategy is to check out costs by creating a number of duplicate gross sales pages with different costs on each page. Make sure that your gross sales copy is precisely the same on each page, and contains your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. This may let you know what your optimum worth is.

In the end, for those who've written a book that solves a problem or presents a brand new technique, your e-book will bring in both site visitors and profits.
