Advertising and marketing Strategies

promotional materials, and each time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are several different methods that can help you sell extra books.

An effective approach for figuring out a value is to send out a survey to your current customers. If these prospects have already bought a book from you, ask for their opinion in terms of price. Do this by creating a gross sales page for the new e book, however don't embrace a worth on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to test out costs by making a variety of duplicate gross sales pages with totally different prices on every page. Be certain your sales copy is exactly the same on every page, and contains your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. This may inform you what your optimum worth is.

Ultimately, if you happen to've written a e-book that solves a drawback or presents a brand new approach, your ebook will usher in each traffic and profits.
