An effective technique for figuring out a worth is to ship out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for their opinion in terms of price. Do that by making a sales web page for the brand new e-book, but don't include a value on that page. Another technique is to test out prices by creating a number of duplicate sales pages with different prices on each page. Make sure your gross sales copy is exactly the identical on every page, and consists of your promoting-deal with sentence. Then determine for every web page the conversion ratio between visitors to your site and gross sales of your book. This may let you know what your optimum price is.

Ultimately, in case you've written a guide that solves a drawback or presents a brand new method,

your book will bring in both visitors and profits. So be sure to write that selling-deal with sentence that sums up what problem your guide solves and what the benefits of your 1989 e-book might be to the purchasers who purchase it. And then watch your market come to you!
