Do that by making a sales web page for the brand new guide, but do not include a worth on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to check out costs by making a number of duplicate sales pages with different costs on every page. Ensure your gross sales copy is strictly the same on each web page, and

includes your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your site and sales of your book. This may let you know what your optimum value is.

In the end, should you've written a e-book that solves a downside or presents a new technique, your book will bring in each site visitors and profits.
