An effective technique for figuring out a price is to ship out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion by way of price. Do this by creating a sales web page for the new book, however don't embody a price on that page. Another technique is to test out costs by making a variety of duplicate sales pages with different costs on every page. Make sure that your gross sales copy is precisely the similar on each web page, and includes your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your website and gross sales of your book. This may let you know what your optimum value is.
