An efficient approach for figuring out a worth is to ship out a survey to your present customers. If these clients have already bought an book from you, ask for his or her opinion in terms of price. Do this by making a gross sales page for the brand new guide, but don't include a value on that page. One other technique is to test out prices by making a number of duplicate gross sales pages with completely different costs on every page. Ensure your gross sales copy is strictly the similar on each web page, and contains your selling-deal with sentence. Then determine for every web page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum worth is.

In the end, in the event you've written a e book that solves a problem or presents a brand new method, your e-book will bring in both traffic and profits.
