Marketing Methods

The key that unlocks the gross sales potential of your book is to discover a single sentence that turns into your promoting handle. This sentence states what question or drawback your ebook answers and the benefits your book can provide. Then be sure to use that sentence in every piece of sales

and promotional materials, and every time anyone asks you about your ebook.

In addition to promoting your books assiduously online, there are a number of different strategies that can make it easier to promote more books.

An efficient method for determining a value is to ship out a survey to your present customers. If these prospects have already bought an e book from you, ask for their opinion by way of price. Do this by making a gross sales page for the new ebook, however don't embody a value on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to test out costs by making a number of duplicate sales pages with completely different prices on every page. Be certain that your sales copy is precisely the similar on each page, and contains your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and sales of your book. This will let you know what your optimum value is.

In the end, should you've written a e book that solves a drawback or presents a new method, your book will bring in both traffic and profits.
