Another technique is to check out prices by creating a variety of duplicate gross sales pages with different costs on each page. Be sure that your sales copy is precisely the same on each page, and

contains your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your site and sales of your book. This will tell you what your optimum price is.

In the end, for those who've written a e-book that solves a drawback or presents a new method, your ebook will usher in both traffic and profits.
