An efficient approach for determining a price is to send out a survey to your present customers. If these customers have already bought an e book from you, ask for his or her opinion when it comes to

price. Do that by making a sales page for the new e-book, but don't embody a worth on that page. Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out costs by making a variety of duplicate gross sales pages with totally different prices on every page. Ensure that your sales copy is precisely the same on each web page, and consists of your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your site and gross sales of your book. This will let you know what your optimum price is.

Ultimately, should you've written a ebook that solves a problem or presents a brand new technique, your e book will herald each traffic and profits.
