of sales and promotional materials, and each time anyone asks you about your ebook.

Besides selling your books assiduously online, there are a number of different methods that may help you sell more books.

An effective approach for determining a value is to ship out a survey to your present customers. If these prospects have already purchased an ebook from you, ask for their opinion by way of price. Do this by creating a gross sales page for the brand new e-book, but do not embody a value on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out costs by making a variety of duplicate gross sales pages with completely different costs on every page. Ensure that your gross sales copy is strictly the same on each web page, and contains your selling-handle sentence. Then determine for each page the conversion ratio between visitors to your site and gross sales of your book. It will tell you what your optimum worth is.

In the end, if you happen to've written a e book that solves a problem or presents a new approach, your ebook will bring in both visitors and profits. So make sure you write that selling-deal with sentence that sums up what problem your book solves and what the advantages of your 915 e-book will likely be to the shoppers who buy it.
